

Digital Citizenship Plan | 2026-2027

Rosemont School

Digital citizenship is about using technology and participating in digital environments. It is key to helping our students learn to use available technology responsibly in the classroom and beyond. This Digital Citizenship Plan addresses how we work to build a community where we live and work together as digital citizens.

Relevant contextual information about our school and School Development Plan:

- Rosemont School is located in the community of Rosemont.
- We are an elementary school with a diverse population of students in Kindergarten through to Grade 6, including a Specialized Bridges program.
- Our School Development Plan focuses on improving student achievement in phonological awareness and vocabulary knowledge.
- Our work connects with UNESCO's Four Pillars of Education: Learning to Know, Learning to Do, Learning to Be, and Learning to Live Together.

Relevant evidence and data that informs our Digital Citizenship Plan:

- Our school is equipped with a variety of technology resources, including SMART Boards in every classroom, as well as iPads, an Chromebooksfor student use.
- As early learners, students we are beginning to explore digital tools and need guidance on how to access and use technology effectively. This includes learning appropriate and responsible use, as well as understanding the wide range of opportunities technology provides for learning and growth.

Long Term Goal	Competency	Short Term Goals	Outcomes	Activities & Resources	Measures
