This meeting provided me with useful information.

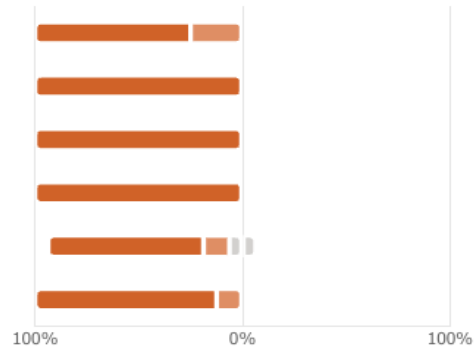

I understand the planning work schools do to improve and support student learning.

I was encouraged to share my thoughts and feedback during this meeting.

The presenters were easy to understand.

The on-screen (visual) content was clear and easy to read.

I had enough time to read the on-screen (visual) content that was presented.

- Nothing.
- All good
- Some duplication. If there is a way to divide it for those that have heard a lot of it before would be nice (but difficult to do).
- Too many words in screen
